**Gap/France, 21st January 2017 – Andreas Mikkelsen ahead of Jan Kopecký: ŠKODA is approaching the Rally Monte Carlo finale with a one-two lead. Norwegian driver Mikkelsen and his co-driver Anders Jæger (N) are just 53.72 kilometres away from triumphing at the most famous rally on the FIA World Rally Championship (WRC 2) calendar, but the last stages include the legendary climb on the Col de Turini. On Saturday, the new successful duo in the ŠKODA FABIA R5 extended their lead over team-mates Jan Kopecký/Pavel Dresler (CZ/CZ) to 3:19.2 minutes. The second ŠKODA works duo of Pontus Tidemand/Jonas Andersson (S/S) recorded one best time on Saturday.**

"We have a decent lead, so we will be driving cautiously. It's all about avoiding unnecessary risks. Our ŠKODA FABIA R5 is working perfectly and we are improving our feel for the car all the time. We have to remain focused so that we can claim victory for ŠKODA," said Mikkelsen. The 27-year-old Norwegian drove in challenging conditions once again - clean asphalt road surfaces disappeared in the mountains around the service park in Gap, France, to be replaced by snow-covered stages - but he never lost control of his high-tech 4x4. Thousands of fans came out to cheer Mikkelsen on.

In the first two morning stages, he let his team-mate Kopecký and Bryan Bouffier move ahead but then showed just how fast he can be with outstanding best times on special stages eleven and 13. Mikkelsen has dominated the first two days of the rally, recording the best time on six stages.

On Saturday, Jan Kopecký won his second special stage at this year's Monte and was never in danger of losing second place. "The conditions were challenging once again, but we didn't have any problems. We now have to focus on not making mistakes and bring this result home," commented the experienced Czech driver. The ŠKODA works duo of Pontus Tidemand/Jonas Andersson (S/S), who are not competing for WRC 2 points at this rally, did not have such a smooth ride on Saturday. The duo suffered two punctures on this sunny day, but recorded an impressive best time in the penultimate special stage to announce their return.

"This is our first Monte and it's all about getting experience, which is sure to help us as we battle for the WRC 2 title this season," commented Tidemand. Last year, Esapekka Lappi/Janne Ferm (FIN/FIN) won the WRC 2 title in the drivers' and co-drivers' competitions for the first time for the ŠKODA Motorsport works team.

The teams have already raced along more than 300 kilometres at this opening round of the 2017 World Rally Championship but the real high point of the oldest rally in the world is yet to come for the three ŠKODA works team drivers. The rally cars have to deal with a difference in elevation of over 1100 metres on their way to the Col de Turini (1607 metres). This is followed by the last four special stages in the Principality of Monaco and the awards ceremony at the "Place du Palais Princier". 40 years ago, Václav Blahna (CZ) and his co-driver Lubislav Hlávka (CZ) claimed victory with their ŠKODA 130 RS in the 1,300cc class. The three ŠKODA FABIA R5s from the works teams are commemorating this triumph with a special livery. On Sunday at the Rally Monte Carlo, ŠKODA Motorsport could set another milestone in its 116-year history of success.

### Standings at the Rallye Monte Carlo (WRC 2):

1. Mikkelsen/Jæger (N/N)	ŠKODA FABIA R5	2:11:15.4 hrs
2. Kopecký/Dresler (CZ/CZ)	ŠKODA FABIA R5	+ 3:19.2 min
3. Bouffier/Giraudet (F/F)	Ford Fiesta R5	+ 5:26.7 min

### ŠKODA Motorsport Overview:

ŠKODA has been successful on the motorsport scene since 1901. Be it on the circuit or in rallies, ŠKODA has celebrated victories and won titles all around the world. Historical highlights include winning the title in the FIA World Rally Championship (WRC 2) for the first time in 2016, numerous title wins in the FIA European Rally Championship (ERC), the FIA Asia-Pacific Rally Championship (APRC) and the Intercontinental Rally Challenge (IRC), as well as the victory in the European Touring Car Championship in 1981. ŠKODA teams have also triumphed in the world's oldest and most famous rally, taking several class victories in the legendary Monte Carlo, which was first held in 1911.

2016 was one of the most successful years in the 116-year history of ŠKODA Motorsport. In the FIA World Rally Championship (WRC 2), Esapekka Lappi/Janne Ferm (FIN/FIN) won the title for the Czech car maker for the first time. In total, ten of the 2016 season's races in the World Rally Championship were won by a ŠKODA FABIA R5. ŠKODA drivers Gustavo Saba (PY) and Gaurav Gill (IND) also won the continental championships in South America and the Asia-Pacific region at the wheel of the successful ŠKODA FABIA R5. Nasser Al-Attiyah (Q) was unbeatable in the Middle East Rally Championship (MERC), while a further ten national titles also went the way of ŠKODA drivers.

The ŠKODA FABIA R5, a high-tech 4x4, was homologated by the International Automobile Federation FIA on 1 April 2015. ŠKODA's new FABIA R5 is successfully continuing the long tradition of ŠKODA Motorsport. Its predecessor, the FABIA SUPER 2000, won 50 national and international titles around the world. In 2017, works duos Pontus Tidemand/Jonas Andersson (S/S) and Jan Kopecký/Pavel Dresler (CZ/CZ) will contest selected races in the FIA World Rally Championship (WRC 2). Kopecký/Dresler will also compete in the Czech Rally Championship (MČR), where they will be looking to claim a third title in a row.
