---------------------------	---	--	---	--	---	--	---

The historic Superb, produced until 1949 in many engine and body variants

The hatchback with the name Superb returns after more than 50 years

C-shaped tail lights, Laurin & Klement trim available for the first time

Available in two body versions for the first time

A major facelift incorporating a new design language

The 3rd-generation Superb is built on the MQB chassis platform for the first time

Following the facelift, the 3rd-generation Superb is also available as the Superb IV with a plug-in-hybrid powertrain

The new model is safer and more spacious than ever before and delivers a wide range of powertrains, with outputs from 110 kW (150 hp) to 195 kW (265 hp)
