

The all-new Škoda Kodiaq

Second-generation LED Matrix beam headlights

- ▶ 50% more light segments and 15% more light output
- ▶ **Four-eyed headlights**, typical of Škoda SUV models
- ▶ **Arrow-shaped**, crystalline daytime running lights
- ▶ **Hexagonal Matrix LED modules** arranged one above the other
- ▶ **Crystallinium** – reminiscent of coloured crystal glass, accentuates the headlights' contours

LED rear lights with animated indicators

- ▶ Slim, sharply designed **three-part rear lights: LED technology** and a segmented C-shape with crystalline elements
- ▶ **New C-shaped rear light signature** extends far towards the centre of the tailgate
- ▶ Rear light inserts with **dynamic indicators** and **chrome trim**
- ▶ **3D crystalline structure** inside the rear light segment
- ▶ **Red decorative strip connecting the rear lights**, with 3D crystalline structure
