

Škoda Superb Combi

Connectivity

Voice assistant Laura incorporating ChatGPT

Laura will soon be enhanced with ChatGPT's database, further improving the in-vehicle experience.

Pay to Fuel

The Pay to Fuel service is accessible through the car's infotainment system. Stations offering this service are listed in the vehicle's navigation system.

Pay to Park

Search, select and pay for parking from your car, and if you need to stay longer or can leave earlier than planned, you can manage your parking session remotely from your phone.
