

Updated Škoda Octavia

Highlights and facts

- ▶ New second-generation LED Matrix beam headlights and visual fine-tuning
- ▶ Further increase in the use of sustainable interior materials, including sustainably treated leather
- ▶ Optional 13" infotainment screen as a first for the Octavia, free-standing central 10" infotainment screen as standard in combination with a new 10" Digital Display (to become available later)
- ▶ New Attention and Drowsiness Assist assesses driver behaviour even more precisely, further enhancing the Octavia's high level of safety
